Dr. Kohler.

Since the beginning of his career more than 20 years ago, Dr. Craig Kohler has risen to the top of his field as a cosmetic dentist. Dr. Kohler is one of the youngest dentists ever to become a Master of the Academy of General Dentistry, an honor that takes at least 10 years to achieve. He is currently training other dentists at Evanston Hospital in conjunction with Northwestern University. After graduating from the University of Illinois, School of Dentistry, Dr. Kohler was one of only two candidates selected from among 600 for a general hospital residency at Evanston Hospital.

As part of his extensive education, Dr. Kohler has intensively studied more than 16 different disciplines in dentistry, including periodontics, orthodontics, and dental implants. Dr. Kohler attends training sessions by Beverly Hills cosmetic dentists as well as world-renowned experts in the cosmetic dentistry field. As a premier cosmetic dentist in Wilmette, Dr. Kohler provides superior dental care to many of the North Shore's finest smiles. Enjoy the benefits of advanced education and training
